

# PROJECT MANAGEMENT SOFTWARE

mbh software develops globally an enterprise wide project portfolio management application called UniPhi. This product facilitates creating a cross functional organisation culture necessary to deliver projects to internal and external clients. Ultimate Information Technology Services (a division of A&B Mylec Pty Ltd) can implement and support UniPhi and MS Project in your organisation.

## OUR AIM

Our aim is to ensure project management collaboration, communication and delivery is optimised in your organisation through products UniPhi and MS Project.

## UNIPHI & MS PROJECT IMPLEMENTATION COSTS

Depending on your needs, UniPhi and MS Project can be purchased as cloud deployments, enterprise deployments or project deployments. Costs can be provided after consultation.

## UNIPHI & MS PROJECT SUPPORT SERVICE COSTS

A) On-site system use support	\$125 per hour billed in 30 minute increments
B) Phone and email support	\$150 per hour billed in 15 minutes increments
C) Business consulting services	\$200 per hour billed in 30 minute increments
